

AAF: Yes – Late Term Abortions Happen

TOPLINE: Democrats and the media continue to lie to the American people about late-term abortions. During Kamala Harris’ first presidential debate, moderator Linsey Davis lied to the American People when she stated that “There is no state in this country where it is legal to kill a baby after it is born.” Meanwhile Harris claimed that it’s “not true” that abortions could be performed in the third trimester of pregnancy.

Here’s the truth:

Thousands of Viable Babies Are Aborted Every Year ([CDC](#))

- Late-term abortions are the [second-greatest](#) cause of death among minors.
 - That’s not even counting some of the country’s most pro-abortion states (e.g. CA, NY, NJ)—which refuse to collect and submit abortion data.
- Nine states and Washington, D.C. have [no time limit](#) on abortion.
 - **Don’t forget the D.C. 5:** These premie-sized babies, most likely the victims of illegal partial-birth abortions, were recovered from a D.C. abortion center.

Fate of Babies Surviving Abortions “A Discussion Between Physician and Mother”

- In 2019, then-Virginia Governor Ralph Northam [stated](#) “If a mother is in labor...the infant would be delivered,” Northam explained. “The infant would be kept comfortable. The infant would be resuscitated, if that’s what the mother and the family desired, and then a discussion would ensue between the physicians and mother.”

Extreme Abortion Practices Are Real, and Well-Documented

- Warren Hern, a late-term abortionist, received a glowing [profile](#) in the *LA Times*.
- Hern speaks candidly about performing sex-selective abortions on multiple occasions, ending the life of a [baby girl](#) because the mother preferred a boy (and vice versa).
- Hern estimates that at least half of the abortions he performs involve [healthy](#) babies.
- **Let’s Not Forget About Kermit Gosnell:** Philadelphia’s most infamous abortionist was [convicted](#) of murder in 2013 for slitting the necks of babies born-alive.

See it with your own eyes: pro-life activists called abortion centers to ask if they’d perform a late-term abortion. The results will not shock you (but they should).

- **WATCH:** Pro-Life leader Kristan Hawkins calls a late-term abortion clinic.
- **WATCH:** “A woman is about to give birth. Could she still request an abortion? *My bill would allow that.*”

BOTTOMLINE: Late-term abortions happen all the time. Anyone saying otherwise is misinformed or lying. We must stand for life and confront the dark reality of abortion.
